

Protocol 10. Meeting Mi, 19.01.11 14.00 – 15.00

Participants: Udo, Ludwig, Harald, Alex (Protokoll)

- Fesa3 GSI Guidelines
 - Discussion about timestamp format for acquisition properties
 - No forced timestamp for setting properties
 - Definition of the init property
 - Introduction of DEVICE_MODE's "POWER_DOWN" and "POWER_UP"
 - The DEVICE_MODE_POWER "STANDBY" will be supported, but the developer will not be forced to provide an implementation for it.
